RE: HONORABLE CITY COUNCIL

RE: The request to repeal Ordinance No. 26-18 and replace with a corrective ordinance for the project that was approved in 2018 for American Community Developers, Inc. to modify the provisions of an existing PD-H (Planned Development-Historic) zoning classification on Article XVII District Map 4 of the 1984 Detroit City Code, Chapter 61, Zoning, on land bounded by Brush Street on the west, Watson Street on the north, Beaubien Street on the east and Wilkins Street on the south in order to allow for a three-building mixed-use development with below-grade parking. **(RECOMMEND APPROVAL)**

REQUEST

This request is to repeal Ordinance No. 26-18 and replace with a corrective ordinance that is now before Your Honorable Body. The original ordinance that was laid on the table on October 30, 2018, was for the request to modify the provisions of an existing PD-H (Planned Development-Historic) zoning classification on Article XVII District Map 4 of the 1984 Detroit City Code, Chapter 61, Zoning, on land bounded by Brush Street on the west, Watson Street on the north, Beaubien Street on the east and Wilkins Street on the south in order to allow for a three-building mixed-use development with below-grade parking.

Ordinance No. 26-18 that was approved in 2018, omitted two private parcels that were a part of the development project site along with nine additional public parcels that were included in the ordinance.

The two parcels that were omitted are within the same city block adjacent to the public parcels that are included in the original ordinance. The two private parcels, although omitted from the original ordinance, were described in the public hearing notice and presentations that were considered by Your Honorable Body.

City Planning Commission staff has worked with the Law Department to correct the deficient ordinance (Attached). No other details of the originally approved project would change as a result of this correction. For details of the project, please see below.

BACKGROUND

In October 2018, American Community Developers, Inc. (ACD) requested to modify the provisions of an existing PD-H zoning classification on land bounded by Brush Street on the west, Watson Street on the north, Beaubien Street on the east and Wilkins Street on the south in order to allow for a three-building mixed-use development with below-grade parking.

The subject site is an entire city block that exists as a grassy open space, void of any structures and is approximately 1.42 acres in area, consisting of 11 parcels. Of those 11 parcels, two are currently owned by the developer and the remainder are under control of the City and are to be subject of a development agreement with ACD, which was awarded the site after responding to the City's Request for Proposals (RFP). The subject site is located within the Brush Park Historic District.

PROPOSAL

The proposed development calls for the construction of three multi-story buildings with one level of below grade parking providing approximately 160 spaces with an additional seven spaces above grade level. The Brush Street building (five-stories totaling 65 feet in height) will be roughly 56,000 sf and the Beaubien Street building (four-stories totaling, 45 feet in height) will be roughly 45,000 sf while the mid-block building (three-stories- 35 feet in height) is roughly 35,000 sf. The underground parking is planned to be 62,000 sf.

The structures would include retail/commercial space in the Brush and Beaubien buildings. A promenade is planned to run through the middle of the site for short term parking for retail and also for other brief trips. ACD will be marketing the commercial space as a neighborhood market with a café (8,000-10,000 sf), but if a suitable market can't be found, the space will be marketed as neighborhood commercial/retail and/or restaurant use. There would be seven surface short term parking spaces at rear along the promenade for retail. Signage would be in place to limit these spaces to 30 minutes to encourage turn-over. The southwest corner of Brush and Wilkins would possibly be a cafe and include outdoor seating.

Below-grade parking would be accessed by a ramp at the mid-block. The underground parking is planned to be shared among the residential and retail users through a managed parking system. Residents would have keycard access. Retail users will have to take a ticket to be validated at the retail establishments. Amenities will include a dog park, fitness room, conference room,

concierge system, indoor lounge and a rooftop patio.

COMBRA
ARCHITECTS

The project will contain approximately 180 apartment units ranging from 63 efficiency units, 81 1-bedroom units and 36 2-bedroom units. Of the 180 units that are designated as affordable, 45 units are planned to reach the 30% -60% area median income (AMI); 45 units are planned to reach the 80% AMI, leaving 90 units at market rate value.

The lighting and security plan for the site includes pole mounted fixtures, lighting at bollards and along each building. Buildings will be secured with card reader access for residents and security cameras will be placed around the buildings for full site coverage.

RECOMMENDATION

CPC staff is requesting **approval** of the subject corrective ordinance.

Respectfully submitted,

Re: Petit Bateau Brownfield Redevelopment Plan

Dear Honorable Council Members:

The enclosed Brownfield Plan for the Petit Bateau Redevelopment Project (the "Plan") (Exhibit A), was submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") and to the Community Advisory Committee (the "CAC"). The Plan was considered and reviewed by the CAC at its July 24, 2019 meeting and a public hearing was held by the DBRA on August 1, 2019 to solicit public comments. The Committee's communication to the City Council and the DBRA, dated July 24, 2019 (Exhibit B), recommending approval of the Plan, including the minutes of the public hearing held by the DBRA, are enclosed for the City Council's consideration.

On August 14, 2019, the DBRA adopted a resolution (Exhibit C) approving the Plan and authorizing the submission of a copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Petit Bateau LLC is the project developer (the "Developer") for the Plan which entails the construction of a five-story mixed-use building, a four-story mixed-use building, and approximately twenty residential townhomes, with 3,200 square feet of commercial space along with associated site improvements. The project will develop one of the last development sites in Midtown and the Historic Art Center neighborhood. The Property (defined below) was historically occupied by residential, multi-family apartments, a church and an auto repair shop. The Property is currently vacant.

The total investment is estimated to be \$23 million. The Developer is requesting \$2,279,193.00 in TIF reimbursement.

There will be 100 temporary construction jobs and 2 FTE job. The 2 FTE jobs will be related to property management.

Property Subject to the Plan

The eligible property (the "Property") will consist of seven (7) parcels bounded by Beaubien Street, Frederick Street, St. Antoine Street and the alleyway, in Detroit's Historic Art Center neighborhood near Midtown.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was utilized for a commercial, industrial, public, or residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property was determined to be a "facility" as defined by Act 381. 511 Frederick is adjacent and contiguous to parcels that are considered "eligible property".

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include baseline environmental assessment activities, demolition, lead and asbestos abatement, department specific activities, site preparation, infrastructure improvements, and preparation and implementation of a brownfield plan and 381 work plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. The eligible activities are estimated to commence within 18 months of approval of the Plan and be completed within 3 years.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

COSTS TO BE REIMBURSED WITH TIF

1. Baseline Environmental Assessment Activities	\$10,000.00
2. Due Care Activities	\$200,000.00
3. Demolition	\$2,620.00
4. Lead and Asbestos Abatement	\$2,500.00
5. Infrastructure Improvements	\$1,680,700.00
6. Site Preparation	\$60,000.00
7. Brownfield Plan & Work Plan Preparation	\$30,000.00
8. Contingency (15%)	\$293,373.00
Total Reimbursement to Developer	\$2,279,193.00
9. Authority Administrative Costs	\$474,063.00
10. State Brownfield Redevelopment Fund	\$163,677.00
11. Local Brownfield Revolving Fund	\$773,795.00
TOTAL Estimated Costs	\$3,690,728.00

The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Incentives

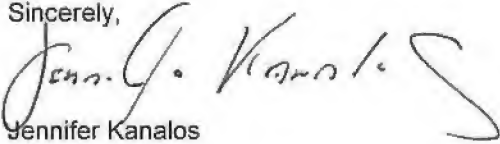

The Developer is seeking additional incentives, which will include local and/or state approval of a Neighborhood Enterprise Zone PA 147 Tax Abatement.

DBRA's Request

The DBRA is respectfully requesting the following actions from the City Council:

- a.) October 1, 2019
City Council adoption of the Resolution (Exhibit D), setting the Petit Bateau Brownfield Redevelopment Plan public hearing, as approved by the Planning and Economic Development Standing Committee Chair and the City of Detroit Clerk, for October 10, 2019 at 10:25 AM in the Council Chambers, 13th Floor of the Coleman A. Young Municipal Center, located at 2 Woodward Avenue, Detroit, Michigan.
- b.) October 10, 2019, 10:20 AM
Discussion with taxing jurisdictions regarding the fiscal impact of the Plan.
- c.) October 10, 2019, 10:25 AM

I. INTRODUCTION

In order to promote the revitalization of environmentally distressed and blighted areas within the boundaries of the City of Detroit, Michigan (the “City”), the City has established the City of Detroit Brownfield Redevelopment Authority (the “DBRA”) pursuant to Michigan Public Act 381 of 1996, as amended (“Act 381”).

The primary purpose of this Brownfield Plan (“Plan”) is to promote the redevelopment of and private investment in certain “brownfield” properties within the City. Inclusion of property within this Plan will facilitate financing of environmental response and other eligible activities at eligible properties, and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as “brownfields.” By facilitating redevelopment of brownfield properties, this Plan is intended to promote economic growth for the benefit of the residents of the City and all taxing units located within and benefited by the DBRA.

This Plan is intended to apply to the eligible property identified in this Plan and, if tax increment revenues are proposed to be captured from that eligible property, to identify and authorize the eligible activities to be funded by such tax increment revenues.

This Plan is intended to be a living document, which may be modified or amended in accordance with the requirements of Act 381, as necessary to achieve the purposes of Act 381. The identification or designation of a developer or proposed use of the eligible property shall not necessitate an amendment to this Plan, affect the application of this Plan to the eligible property or impair the rights available to the DBRA under this Plan. The applicable sections of Act 381 are noted throughout the Plan for reference purposes.

This Plan describes the project to be completed (see Attachment C) and contains all the information required by Section 13(2) of Act 381.

II. GENERAL PROVISIONS

A. Description of the Eligible Property (Section 13 (2)(h)) and the Project

The eligible property consists of the entire City of Detroit block bounded by Beaubien Street, Frederick Street, St. Antoine Street and the alleyway and is comprised of seven (7) parcels of land (503, 511, 525, 541, 555, 561, and 565 Frederick Street), Detroit, Wayne County containing approximately 1.51 acres of vacant land. The parcels described herein and all new taxable tangible personal property located thereon will comprise the eligible property under this Plan and is referred to herein as the “Property.” With the exception of the 511 Frederick parcel which is adjacent and contiguous, the balance of the Property is considered a “facility” due to the presence of ethylbenzene, arsenic, chromium and selenium in the soil at levels exceeding acceptable screening levels. The Property has been vacant for years and was historically occupied by residential, multi-family apartments, a church and an auto repair shop.

Attachment A includes a site map of the Property. Parcel information for the Property is outlined below. Attachment B provides the individual legal descriptions for the Property.

Petit Bateau LLC (“Developer”) is the project developer. Developer intends to prepare the Property for the construction of a five (5) story mixed-use building (“East Building”), a four (4) story mixed-use building (“West Building”) and approximately twenty (20) residential townhomes, along with associated site improvements (the “Project”). The Project will include a total of approximately eighty-five (85) units with the East Building containing approximately thirty-nine (39) units with approximately 3,200 SF of commercial space, the West Building containing approximately twenty-six (26) units, and approximately twenty (20) townhome units.

It is currently anticipated construction will begin in the fall of 2019 and eligible activities will be completed within 3-6 months from the commencement of construction. The project description provided herein is a summary of the proposed development at the time of the adoption of the Plan. The actual development may vary from the project description provided herein, without necessitating an amendment to this Plan, so long as such variations are not material and arise as a result of changes in market and/or financing conditions affecting the Project and/or are related to the addition or immaterial removal of amenities to the Project. Notwithstanding anything to the contrary contained herein, all material changes, as determined by DBRA in its sole discretion, to the project description are subject to the approval of the DBRA staff and shall be consistent with the overall nature of the proposed development, its proposed public purpose, and the purposes of Act 381.

Attachment C provides a description of the Project to be completed at the Property and Attachment D includes letters of support for the Project.

B. Basis of Eligibility (Section 13 (2)(h) and Section 2 (o))

Except for the 511 Frederick parcel, the balance of the Property is considered “eligible property” as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial, industrial, public, or residential purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property was determined to be a “facility” as defined by Act 381. The 511 Frederick parcel is adjacent and contiguous to the balance of the Property and is also considered “eligible property.”

The Property is considered “eligible property” as defined by Act 381, Section 2 due to the presence of ethylbenzene, arsenic, chromium and selenium in the soil above the EGLE Part 201 Generic Cleanup Criteria (GCC), as well as the 511 Frederick parcel being adjacent and contiguous. Therefore, based on the results of the analytical sampling, the Property is classified as a “facility” under Part 201 of the Natural Resources and Environmental Protection Act, 451 P.A. 1994, as amended (“Act 451”). The individual parcels may be combined at a later date during the development process. Attachment G includes a confirmation of the “facility” status.

C. Summary of Eligible Activities and Description of Costs (Section 13 (2)(a),(b))

The “eligible activities” that are intended to be carried out at the Property are considered “eligible activities” as defined by Section 2 of Act 381, because they include baseline

environmental assessment activities, demolition, lead and asbestos abatement, department specific activities, site preparation, infrastructure improvements, and the development and preparation of brownfield plan and work plan.

A summary of the eligible activities and the estimated cost of each eligible activity intended to be paid for with tax increment revenues from the Property are shown in the table attached hereto as Attachment E. The eligible activities described in Attachment E are not exhaustive. Subject to the approval of DBRA staff in writing, additional eligible activities may be carried out at the Property, without requiring an amendment to this Plan, so long as such eligible activities are permitted by Act 381 and the cost of such eligible activities does not exceed the total costs stated in Attachment E.

Unless otherwise agreed to in writing by the DBRA, all eligible activities shall commence within eighteen (18) months after the date the governing body approves this Plan and will be completed within three (3) years after approval of the Michigan Strategic Fund ("MSF") work plan, if applicable, or three (3) years after execution of the Reimbursement Agreement (as that term is defined below), whichever is later. Any long-term monitoring or operation and maintenance activities or obligations that may be required will be performed in compliance with the terms of this Plan and any documents prepared pursuant to this Plan.

The Developer desires to be reimbursed for the costs of eligible activities incurred by it as described below. Some eligible activities may commence prior to the adoption of this Plan and to the extent permitted by Act 381 shall be reimbursable pursuant to the Reimbursement Agreement. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property pursuant to the terms of a Reimbursement Agreement to be executed by the DBRA and the Developer after approval of this Plan (the "Reimbursement Agreement"), to the extent permitted by Act 381.

In the event this Plan contemplates the capture of tax increment revenue derived from "taxes levied for school operating purposes" (as defined by Section 2(uu) of Act 381 and hereinafter referred to as "School Taxes"), the Developer acknowledges and agrees that DBRA's obligation to reimburse the Developer for the cost of eligible activities with tax increment revenue derived from Local Taxes, or Specific Taxes that are considered Local Taxes, (as these capitalized terms are defined by Act 381) is contingent upon: (i) the Developer receiving at least the initial applicable work plan approvals by the MSF and the Michigan Department of Environment, Great Lakes and Energy ("EGLE"), as may be required pursuant to Act 381, within 180 days after the date this Plan is approved by the governing body, or such other date as the DBRA may agree to in writing or (ii) the Developer providing the DBRA with evidence, satisfactory to DBRA, that the Developer has the financial means to complete the project without the capture of, and subsequent reimbursement with, the contemplated School Taxes.

The costs listed in Attachment E are estimated costs and may increase or decrease depending on the nature and extent of any environmental contamination and other unknown conditions encountered on the Property. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment

revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement. No costs of eligible activities will be qualified for reimbursement except to the extent permitted in accordance with the terms and conditions of the Reimbursement Agreement and Act 381. The Reimbursement Agreement and this Plan will dictate the total cost of eligible activities subject to payment, provided that the total cost of eligible activities subject to payment or reimbursement under the Reimbursement Agreement shall not exceed the estimated costs set forth in Attachment E. As long as the total costs are not exceeded, line item costs of eligible activities may be adjusted after the date this Plan is approved by the governing body, to the extent the adjustments do not violate the terms of the approved EGLE or the MSF work plans.

D. Estimate of Captured Taxable Value and Tax Increment Revenues (Section 13(2)(c)); Beginning Date of Capture of Tax Increment Revenues (Section (13)(2)(f); Impact of Tax Increment Financing on Taxing Jurisdictions (Section 13(2)(g))

This Plan anticipates the capture of tax increment revenues to reimburse the Developer for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. Subject to Section 13(b)(16) of Act 381, a table of estimated tax increment revenues to be captured is attached to this Plan as Attachment F. The figures included in Attachment F are estimates and are subject to change depending on actual assessed values and changes to annual millage rates.

Tax increments are projected to be captured and applied to the (i) reimbursement of eligible activity costs and payment of DBRA administrative and operating expenses, (ii) make deposits in the State Brownfield Redevelopment Fund and (iii) to make deposits into the DBRA's Local Brownfield Revolving Fund, as follows:

Taxing Jurisdictions	<u>Reimbursement Costs</u>	<u>DBRA Admin Costs</u>	<u>SBRF Capture</u>	<u>LBRF Capture</u>
School Operating Tax	\$683,922	\$0	\$0	\$76,969
State Education Tax	\$113,987	\$0	\$163,677	\$12,828
City General Operating	\$715,195	\$228,888	\$0	\$330,249
HCMA	\$7,671	\$2,455	\$0	\$3,542
Wayne County Op	\$202,468	\$64,797	\$0	\$93,492
WCCC	\$116,169	\$37,178	\$0	\$53,642
Library	\$165,991	\$53,123	\$0	\$76,648
Wayne County Other	\$77,918	\$24,936	\$0	\$35,979
Wayne County ISD	\$195,872	\$62,686	\$0	\$90,446
Total	\$2,279,193	\$474,063	\$163,677	\$773,795

In addition, the following taxes are projected to be generated but shall not be captured during the life of this Plan:

City Debt	\$471,582
School Debt	\$875,795
DIA	\$13,473

Zoo	\$6,737
Total	\$1,367,587

Nothing shall prohibit the Developer from submitting reimbursement requests up to the maximum amount of eligible costs approved for eligible activities under this Plan. In the event the actual tax increment revenue capture is greater than projected, the Developer will be reimbursed up to the maximum amount of eligible costs approved for eligible activities under this Plan.

In no event shall the duration of this Plan exceed thirty-five (35) years following the date of the governing body's resolution approving this Plan, nor shall the duration of the tax capture exceed the lesser of the period authorized under subsection (3) and (5) of Section 13 of Act 381 or 30 years. Further, in no event shall the beginning date of the capture of tax increment revenues be later than five (5) years after the date of the governing body's resolution approving this Plan. The first year of capture is anticipated to be 2020.

E. Plan of Financing (Section 13(2)(d)); Maximum Amount of Indebtedness (Section 13(2)(e))

The eligible activities are to be financed solely by the Developer. The DBRA will reimburse the Developer for the cost of approved eligible activities, but only from tax increment revenues generated from the Property. No advances have been or shall be made by the City or the DBRA for the costs of eligible activities under this Plan.

All reimbursements authorized under this Plan shall be governed by the Reimbursement Agreement. The inclusion of eligible activities and estimates of costs to be reimbursed in this Plan are intended to authorize the DBRA to fund such reimbursements and does not obligate the DBRA or the City to fund any reimbursement or to enter into the Reimbursement Agreement providing for the reimbursement of any costs for which tax increment revenues may be captured under this Plan, or which are permitted to be reimbursed under this Plan. The amount and source of any tax increment revenues that will be used for purposes authorized by this Plan, and the terms and conditions for such use and upon any reimbursement of the expenses permitted by this Plan, will be provided solely under the Reimbursement Agreement contemplated by this Plan.

Unless otherwise agreed upon by the Developer, the DBRA, and the State of Michigan, the DBRA shall not incur any note or bonded indebtedness to finance the purposes of this Plan.

Reimbursements under the Reimbursement Agreement shall not exceed the cost of eligible activities permitted under this Plan.

F. Duration of Plan (Section 13(2)(f))

Subject to Section 13b(16) of Act 381, the beginning date of capture of tax increment revenues from the Property shall occur in accordance with the tax increment financing (TIF) Table included as Attachment F. In no event, however, shall this Plan extend beyond the maximum term allowed by Section 13(2)(f) of Act 381 for the duration of this Plan.

Furthermore, this Plan, or any subsequent amendment thereto, may be abolished or terminated in accordance with Section 14(8) of Act 381 in the event of any of the following:

- a. The governing body may abolish this Plan (or any subsequent amendment thereto) when it finds that the purposes for which this Plan was established have been accomplished.
- b. The governing body may terminate this Plan (or any subsequent amendment thereto) if the project for which eligible activities were identified in this Plan (or any subsequent amendment thereto) fails to occur with respect to the eligible property for at least two (2) years following the date of the governing body resolution approving this Plan (or any subsequent amendment thereto), provided that the governing body first does both of the following: (i) gives 30 days' written notice to the Developer at its last known address by certified mail or other method that documents proof of delivery attempted; and (ii) provides the Developer with an opportunity to be heard at a public meeting.

Notwithstanding anything in this subsection to the contrary, this Plan (or any subsequent amendment thereto) shall not be abolished or terminated until the principal and interest on bonds, if any, issued under Section 17 of Act 381 and all other obligations to which the tax increment revenues are pledged have been paid or funds sufficient to make the payment have been identified or segregated.

G. Effective Date of Inclusion in Brownfield Plan

The Property will become a part of this Plan on the date this Plan is approved by the governing body.

H. Displacement/Relocation of Individuals on Eligible Property (Section 13(2)(i-l))

There are no persons or businesses residing on the eligible property and no occupied residences will be acquired or cleared, therefore there will be no displacement or relocation of persons or businesses under this Plan.

I. Local Brownfield Revolving Fund ("LBRF") (Section 8); Section 13(2)(m))

The DBRA has established a Local Brownfield Revolving Fund ("LBRF"). The LBRF will consist of all tax increment revenues authorized to be captured and deposited in the LBRF, as specified in Section 13(5) of Act 381, under this Plan and any other plan of the DBRA. It may also include funds appropriated or otherwise made available from public or private sources.

The amount of tax increment revenue authorized for capture and deposit in the LBRF is estimated at \$773,795. All funds, if any, deposited into the LBRF shall be used in accordance with Section 8 of Act 381.

J. Brownfield Redevelopment Fund (Section 8a); Section 13(2)(m))

The DBRA shall pay to the Department of Treasury at least once annually an amount equal to 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, that are captured under this Plan for up to the first twenty-five (25) years of the duration of capture of tax increment revenues for each eligible property included in this

Plan. If the DBRA pays an amount equal to 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on a parcel of eligible property to the Department of Treasury under Section 13b(14) of Act 381, the percentage of local taxes levied on that parcel and used to reimburse eligible activities for the Project under this Plan shall not exceed the percentage of local taxes levied on that parcel that would have been used to reimburse eligible activities for the Project under this Plan if the 50% of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on that parcel were not paid to the Department of Treasury under Section 13b(14) of Act 381.

K. Developer's Obligations, Representations and Warrants

The Developer and its affiliates shall comply with all applicable laws, ordinances, executive orders, and/or other regulations imposed by the City or any other properly constituted governmental authority with respect to the Property and shall use the Property in accordance with this Plan

The Developer, at its sole cost and expense, shall be solely responsible for and shall fully comply with all applicable federal, state, and local relocation requirements in implementing this Plan.

The Developer represents and warrants that a Phase I Environmental Site Assessment ("ESA") and a Phase II ESA have been performed on the Property ("Environmental Documents"). Attached hereto as Attachment G is the City of Detroit's Department of Buildings, Safety Engineering and Environmental acknowledgement of its receipt of the Environmental Documents.

The Developer further represents and warrants that the Project does not and will not include a City of Detroit Land Bank Authority, Wayne County Land Bank Authority, or State of Michigan Land Bank Authority financing component.

Except as otherwise agreed to by the DBRA, any breach of a representation or warranty contained in this Plan shall render the Plan invalid, subject to the Developer's reasonable opportunity to cure as described in the Reimbursement Agreement.

RE: Petit Bateau LLC Brownfield Redevelopment Plan

Dear Ms. Kanalos,

The Detroit Brownfield Redevelopment Authority (DBRA) has asked that the Planning and Development Department to review and comment on the Petit Bateau LLC Brownfield Redevelopment Plan (the "Plan").

Petit Bateau LLC is the project developer ("Developer"). The property in the Plan is located on approximately five (5) parcels of land on the north side of Frederick Street in the Art Center neighborhood of Detroit's Midtown and is bounded by Beaubien Street to the west, Frederick Street to the south, St. Antoine Street to the east, and the alleyway to the north.

The Plan consists of the construction of a five-story mixed-use building, a three-story mixed-use building and twenty townhomes, onsite structured parking, and green stormwater infrastructure features. The Plan will include approximately 71 residential units. The project will develop one of the last development sites in Midtown and the Historic Art Center neighborhood. Total investment is estimated at \$14.4 million.

The review for this brownfield plan is complete and all comments have been forwarded to the developer. No adverse comments were received. The Planning and Development Department recommends approval of the brownfield plan as submitted.

Sincerely,

Russell Baltimore

Re: Petit Bateau Development

Dear Mr. Bateau:

Thank you for your interest in Local Initiatives Support Corporation (LISC) for financing your proposed mixed use project in the Midtown Detroit neighborhood. LISC understands the project will be approximately 110 units of housing which include affordable residential units and 22,000 sq. ft. of commercial space. Project development costs are approximately \$15 million with prospective financing sources including senior mortgage loan, Brownfields, PACE, CRP and owner's equity.

LISC supports the development of the proposed project which will help address the need for decent affordable housing and business support in neighborhood developments. LISC can provide a construction, bridge and mini-perm loans to help bring the project to fruition.

Please feel free to contact me at 313.265.2892 if you have any questions.

Sincerely,

Dear Mr. Bateau,

I am pleased to write this letter of support for the Petit Bateau housing development on Frederick street in the Art Center district of Midtown Detroit. Your track record in providing quality housing in this neighborhood is extremely strong and your efforts have in large part been responsible for much of the investment that is continuing today in this historic section of Detroit.

I am very supportive of this project as it will bring additional need density to a neighborhood that is extremely desirable given its unique set of assets including museums, schools and day care facilities. This project represents a fulfillment of the hopes previous developments as well as state and local governments, that prior work would be a catalyst for this infill development to complete the block. Although some of the housing built recently in the neighborhood have incorporated an affordable component, more moderate income developments are needed to maintain the diversity of the Art Center area.

I wish you the best of luck with this project.

RE: Wayne County Support for Petit Bateau Development Project

Dear Mr. Vosburg,

On behalf of the Wayne County Economic Development Corporation (WCEDC) and the Wayne County Brownfield Redevelopment Authority (WCBRA), I am writing to offer our support of this project. We are excited by the opportunity to support the Petit Bateau as it works to redevelop this brownfield property in the City of Detroit, creating improved environmental conditions as well as jobs and affordable homes. In addition, the WCBRA has continuing discussions to possibly provide low-interest loans to help support this project financially through its Revolving Loan Fund. We have worked with Julio Bateau in the past and find him to be a positive actor in the community and a capable developer for projects such as this one.

We look forward to working with you and with Petit Bateau LLC to see this project completed. If you have any questions, please do not hesitate to contact me.

Sincerely,

Ernest Wheeler

Mr. Vosburg called the meeting to order at 5:40 PM.

Mr. Vosburg informed the hearing of the tax increment financing request per the Brownfield Plan, provided an overview of the project.

Mr. Bateau provided details regarding the redevelopment plan for the project location and answered questions regarding the number of buildings, the design of the buildings, anticipated start of construction, length of the construction period, environmental cleanup, affordable housing, solar power, and planned amenities for the development.

Paper copies of the Brownfield Plan and renderings for the project were provided.

Mr. Wheeler spoke in favor of the project stating that the project will be a good addition to the neighborhood.

Ms. Bateau expressed support for the project and development in the area.

There were no comments received in opposition of the project.

Citing no further public comments, Mr. Vosburg closed the public hearing at 6:02 PM.

CODE DBRA 19-06-272-02

PETIT BATEAU BROWNFIELD REDEVELOPMENT PLAN

WHEREAS, pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority (the "DBRA") has been established by resolution of the City Council of the City of Detroit (the "City Council") for the purpose of promoting the revitalization of environmentally distressed areas in the City of Detroit; and

WHEREAS, under Act 381 the DBRA is authorized to develop and propose for adoption by City Council a brownfield plan for one or more parcels of eligible property; and

WHEREAS, in accordance with the policies, procedures and bylaws governing the DBRA, the DBRA has submitted a proposed Brownfield Plan for the **Petit Bateau Redevelopment Project** (the "Plan") to the Community Advisory Committee for its consideration and comment and has solicited comments by the public by publication of notice stating that the proposed Plan has been submitted to the Community Advisory Committee and by conducting a public hearing in the area to which the proposed Plan applies; and

WHEREAS, the Community Advisory Committee has considered the proposed Plan and approved a resolution recommending the approval of the proposed Plan by the DBRA and the City Council as presented by the DBRA; and

WHEREAS, in accordance with the provisions of Act 381, the Board of Directors of the DBRA has considered the proposed Plan and desires to approve the proposed Plan and to request that City Council call a public hearing to consider and adopt a resolution approving the proposed Plan.

NOW, THEREFORE, BE IT RESOLVED:

1. The Board of Directors of the DBRA has determined that the adoption of the Brownfield Plan for the **Petit Bateau Redevelopment Project** is in keeping with the purposes of Act 381 and recommends submittal of the Plan to City Council for approval.

2. The Board of Directors of the DBRA approves the Plan substantially in the form attached hereto and on file with the Secretary of the DBRA.

3. Any Authorized Agent of the DBRA is authorized and directed to submit a certified copy of this Resolution and the Plan to the City Clerk, together with a request that the City Council call a public hearing concerning the Plan and to take all other actions required to approve the Plan in accordance with Act 381.

4. That any one of the officers and any one of the Authorized Agents of the DBRA or any two of the Authorized Agents of the DBRA shall hereafter have the authority to negotiate and execute all documents, contracts, or other papers, and take such other actions, necessary or appropriate to implement the provisions and intent of this Resolution on behalf of the DBRA.

5. That all of the acts and transactions of any officer or authorized agent of the DBRA, in the name and on behalf of the DBRA, relating to matters contemplated by the foregoing resolutions, which acts would have been approved by the foregoing resolutions except that such acts were taken prior to execution of these resolutions, are hereby in all respects confirmed, approved and ratified.

**RESOLUTION APPROVING BROWNFIELD PLAN
OF THE CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY
FOR THE PETIT BATEAU REDEVELOPMENT PROJECT**

City of Detroit
County of Wayne, Michigan

WHEREAS, pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed Brownfield Plan for the Petit Bateau Redevelopment Project (the "Plan"); and

WHEREAS, the Authority submitted the Plan to the Community Advisory Committee for consideration on July 24, 2019, per the provisions of the resolution establishing the Authority, and a public hearing was conducted by the Authority on August 1, 2019 to solicit comments on the proposed Plan; and

WHEREAS, the Community Advisory Committee recommended approval of the Plan on July 10, 2019; and

WHEREAS, the Authority approved the Plan on August 14, 2019 and forwarded it to the City Council with a request for its approval of the Plan; and

WHEREAS, the required notice of the public hearing on the Plan was given in accordance with Section 13 of Act 381; and

WHEREAS, the City Council held a public hearing on the proposed Plan on October 10, 2019.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

“Eligible Activities” or “eligible activity” shall have the meaning described in Act 381.

“Eligible Property” means the property designated in the Plan as the Eligible Property, as described in Act 381.

“Plan” means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

“Taxing Jurisdiction” shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. Public Purpose. The City Council hereby determines that the Plan constitutes a public purpose.

3. Best Interest of the Public. The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. Review Considerations. As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) Portions of the property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of “facility” as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of eligible activities is feasible and the Authority has the ability to arrange the financing.

(d) The costs of eligible activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) The amount of captured taxable value estimated to result from adoption of the Plan is reasonable.

5. Approval and Adoption of Plan. The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk’s office.

6. Preparation of Base Year Assessment Roll for the Eligible Property.

(a) Within 60 days of the adoption of this Resolution, the City Assessor shall prepare the initial Base Year Assessment Roll for the Eligible Property in the Plan. The initial Base Year Assessment Roll shall list each Taxing Jurisdiction levying taxes on the Eligible Property on the effective date of this Resolution and the amount of tax revenue

derived by each Taxing Jurisdiction from ad valorem taxes on the Eligible Property, excluding millage specifically levied for the payment of principal and interest of obligations approved by the electors or obligations pledging the unlimited taxing power of the local governmental unit.

(b) The City Assessor shall transmit copies of the initial Base Year Assessment Roll to the City Treasurer, County Treasurer, Authority and each Taxing Jurisdiction which will have Tax Increment Revenues captured by the Authority, together with a notice that the Base Year Assessment Roll has been prepared in accordance with this Resolution and the Plan approved by this Resolution.

7. Preparation of Annual Base Year Assessment Roll. Each year within 15 days following the final equalization of the Eligible Property, the City Assessor shall prepare an updated Base Year Assessment Roll. The updated Base Year Assessment Roll shall show the information required in the initial Base Year Assessment Roll and, in addition, the Tax Increment Revenues for each Eligible Property for that year. Copies of the annual Base Year Assessment Roll shall be transmitted by the Assessor to the same persons as the initial Base Year Assessment Roll, together with a notice that it has been prepared in accordance with the Plan.

8. Establishment of Project Fund; Approval of Depositary. The Authority shall establish a separate fund for the Eligible Property subject to this Plan, which shall be kept in a depositary bank account or accounts in a bank or banks approved by the Treasurer of the City. All moneys received by the Authority pursuant to the Plan shall be deposited in the Project Fund for the Eligible Property. All moneys in the Project Fund and earnings thereon shall be used only in accordance with the Plan and Act 381.

9. Use of Moneys in the Project Fund. The moneys credited to the Project Fund and on hand therein from time to time shall be used annually to first make those payments authorized by and in accordance with the Plan and any development agreement governing such payments and then to the Local Brownfield Revolving Fund, as authorized by Act 381:

10. Return of Surplus Funds to Taxing Jurisdictions. The Authority shall return all surplus funds not deposited in the Local Brownfield Revolving Fund proportionately to the Taxing Jurisdictions.

11. Payment of Tax Increment Revenues to Authority. The municipal and the county treasurers shall, as ad valorem and specific local taxes are collected on the Eligible Property, pay the Tax Increment Revenues to the Authority for deposit in the Project Fund. The payments shall be made not more than 30 days after the Tax Increment Revenues are collected.

12. Disclaimer. By adoption of this Resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption

of this Resolution and Plan. The City makes no guarantees or representations as to the ability of the Authority to capture tax increment revenues from the State and local school district taxes for the Plan.

13. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

14. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226

**RE: Annual HOME, CDBG, NSP Awards
Modification of Scope and Funding Sources - LifeBuilders**

Honorable City Council:

The City of Detroit ("City"), through the Housing and Revitalization Department ("HRD"), makes annual funding available for "ready-to-proceed projects" from HOME, NSP and CDBG federal funds allocated to the City through the U.S. Department of Housing and Urban Development. HRD has continued to work closely with HUD to meet required commitment and disbursement deadlines for ongoing projects approved by the City.

In support of affordable housing opportunities, HRD is hereby requesting approval to modify the scope and funding source of a previously approved project as follows:

Previous Approved Loan Funding:

1. LifeBuilders (\$460,000) for six homes – \$350,000 of CDBG funds will be spent on this project from reprogrammed funding approved by this Honorable Body on October 16, 2018. Also, HRD will spend \$110,000 in NSP 1 funds on this project from an existing appropriation.

Revised Loan Funding:

1. LifeBuilders (\$460,000) for three homes – \$350,000 of CDBG funds will be spent on this project from reprogrammed funding approved by this Honorable Body on October 16, 2018. Also, HRD will spend an additional \$110,000 in CDBG funds on this project from its FY 2019-20 CDBG allocation.

We hereby request that your Honorable Body adopt the attached resolution that (1) amends the scope and funding source for the LifeBuilders project and (2) authorizes the Director of HRD to execute such loan documents as may be necessary or convenient to complete such modifications to the transaction.

Respectfully submitted,

Donald Rencher

RESOLUTION

BY COUNCIL MEMBER: _____

WHEREAS, City of Detroit (“City”), through the Housing and Revitalization Department (“HRD”), makes annual funding available for "ready-to-proceed projects" from HOME, NSP and CDBG federal funds allocated to the City through the U.S. Department of Housing and Urban Development for the purpose of creating affordable housing opportunities; and

WHEREAS, on November 20, 2018, Detroit City Council adopted a resolution that included approval of \$460,000 in funding to the LifeBuilders project for rehab of six homes, with \$350,000 of the funding from CDBG funds and \$110,000 of the funding from NSP 1 funds (the “Previous Resolution”); and

WHEREAS, the City now desires to amend the Previous Resolution such that (1) the LifeBuilders project will include rehab of three homes and (2) the \$110,000 of funding from NSP 1 be revised to be funded from HRD’s 2019-20 CDBG allocation consistent with the attached Exhibit 1: Amended – Additions to 2018 HOME, CDBG and NSP Awards (“Exhibit 1”); now therefore be it

RESOLVED, that Detroit City Council hereby approves an amendment to the Previous Resolution that modifies the project description and funding allocations consistent with this resolution and the attached Exhibit 1; and be it further

RESOLVED, that the \$110,000 of funding from NSP 1 noted in the Previous Resolution shall now be funded from HRD’s 2019-20 CDBG allocation in Appropriation 20541; and

RESOLVED, that the HRD Director, or his designee, is authorized to process, prepare, and execute any and all loan and grant documents necessary or convenient to close on the LifeBuilders project loan consistent with this resolution and the attached Exhibit 1; and

RESOLVED, that the Budget and Finance Directors are hereby authorized to increase the necessary accounts and honor expenditures, vouchers and payrolls when presented in accordance with the foregoing communication and standard City procedures; and be it finally

RESOLVED, that except for the amendment of the Previous Resolution made by this resolution, all other aspects of the Previous Resolution shall remain in full force and effect.

A Waiver of Reconsideration is requested.

RE: **Request for the Establishment of an Obsolete Property Rehabilitation
District at 511 Woodward**

Honorable City Council:

Please accept this letter as a request to establish an Obsolete Property Rehabilitation Development District for the property located at **511 Woodward** and described on Attachment A.

District Description

The "Dream 511" project involves the rehabilitation of the vacant and obsolete building located at 511 Woodward for commercial and retail uses.

Parcel Information

Address	Parcel	Owner of Record	Acreage
511 Woodward	02001900-9	Wayne County Land Bank	.186

The current 30,240 square foot building was constructed in 1972. The building is a four (4) story glass curtain wall building on three (3) sides with a brick and block center section over the building entry with a block and brick rear side. The building was originally occupied by various professional offices and a financial institution from 1973 until at least 2006, when the building was vacated. The building has been vacant and unutilized since 2006.

Project Start and Completion Date

Pursuant to a Purchase and Development Agreement executed on April 1, 2019 between Wayne County, the Wayne County Land Bank, and ICONIC-511, LLC, the property at 511 Woodward is being purchased from the Land Bank by ICONIC-511, LLC, an entity which has been established for the project. The purchase is slated to close in September, 2019. Construction will begin immediately and follow a fifteen-month schedule to completion.

Purpose for Renovation of 511 Woodward

The building is currently cleared out down to the building structural elements. Renovation of the building is essential for removal of functionally obsolescent existing building elements. Most of these elements revolve around building core and façade elements.

Current building code requires the building to have fire suppression, alarm and exit devices installed prior to occupancy. Electrical systems need to be updated to support 600amps/floor of service as well as ensuring the electrical service room provides adequate operational room. The existing electrical room will be reconfigured to meet the current code requirements.

The elevator needs to be certified and approved by the City prior to use. Updates to the elevator will be specified to enhance its appearance to match the Class A Lobby renovations that are proposed.

Existing exterior curtain wall systems need to be upgraded to meet current energy codes and provide a U value of .25 - .27 with shading coefficient of .70 on the upper floors. The new curtain wall and proposed screen wall will provide an energy efficient exterior wall system.

Benefits to the Community

Dream 511 represents the expansion of a partnership between The Elia Group and the Downtown Detroit Partnership (DDP), which includes a strong track record transforming under-utilized downtown parcels into vibrant community parks, restaurants and landmarks. The organizations collaborated to create Parc Restaurant, which has received local and national critical acclaim since opening in 2016, serving as a reputable anchor in arguably the most iconic location in Downtown Detroit: Campus Martius. Additionally, they created The Fountain Detroit, a 340-square-foot restaurant that brought one of the first adaptive reuses of old shipping containers in Detroit to Campus Martius.

The partnership is also a driving force in activating Campus Martius as an all-season community gathering space, operating the Rink Side Bar and Arctic Zone concession areas, which flank the ice rink during the winter months, and providing free live entertainment to visitors and families all year long.

The Elia Group-DDP team remains committed to providing opportunities for workforce training, growth and employment in Detroit. This is exemplified through their relationship with programs such as the city's Grow Detroit's Young Talent program, from which several graduates have been hired at The Fountain Detroit restaurant.

The Dream 511 project will produce a minimum of 75 construction jobs, one-third of which are anticipated to be specific to low-income Wayne County residents. The new space will allow for the hiring of approximately 100 new retail and office employees in Downtown Detroit. One Property Manager will be hired directly by the new Owner. The Purchase and Development Agreement contains community benefit requirements that will be monitored by Wayne County.

DDP's headquarters will anchor the space. DDP's support of workforce development and creative talent are central to its mission. For example, many of DDP's Downtown Detroit Business Improvement Zone (BIZ) Clean and Hospitality Ambassadors are referred through "second chance" programs such as Goodwill Industries of Detroit, and DDP provides wraparound services to facilitate the success of this initiative. DDP's landscape vendor utilizes the Greening of Detroit and its training programs. DDP served as the fiduciary for the launch of the Grow Detroit's Young Talent program at the request of Mayor Duggan and engages the region's creative talent to perform in Downtown public spaces.

The rehabilitation of the facility would not be undertaken without the applicant's receipt of the exemption certificate. This exemption will allow a reduced rental rate for DDP, a nonprofit organization. Without this exemption, DDP would not be able to create the Welcome Center and continue to provide their ongoing programming and services in the Downtown area. Therefore, the Obsolete Property Rehabilitation Certificate is requested for the full twelve years allowed by statute.

Eligibility

The current building, constructed in 1972, is "functionally obsolete" for the commercial uses it was originally intended for. Changes in technology and building code require a complete replacement of major heating, cooling and electrical systems in the building.

Property Ownership

The Wayne County Land Bank currently owns the property located at 511 Woodward. The sale to ICONIC-511, LLC is slated to close in September 2019.

Total Capital Investment

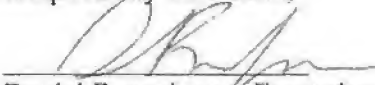

The Purchase and Development Agreement contains minimum investment requirements that will be monitored by Wayne County. Under these terms, ICONIC-511, LLC will invest at minimum \$4.5 million into the property, an amount that increases under certain circumstances to \$7 million.

Re: **Obsolete Property Rehabilitation District – Wayne County Land Bank**
Property Address: 511 Woodward
Parcel Number: 02001900-9

Dear Mr. Cox:

The Office of the Chief Financial Officer, Office of the Assessor, has reviewed the proposed Obsolete Property Rehabilitation District located at **511 Woodward** in the **Downtown** area in the City of Detroit.

The rationale for creating Obsolete Property Rehabilitation Districts under PA 146 of 2000, as amended, is based on the anticipation of increased market value upon completion of new construction and /or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

Pursuant to a purchase and development agreement with ICONIC-511 LLC, the developer plans to rehabilitate the four-story, 30,240 square foot office building, built in 1972 on .186 acres of land. The building has been vacant and unutilized since 2006 and clear out down to the building structural elements. Rehabilitation will include a new fire suppression system, updating the electrical system, updating the elevators to code, and a new curtain wall and proposed screen wall to provide an energy efficient exterior wall system.

This property meets the criteria set forth under PA 146 of 2000, as amended. It applies to blighted, functionally obsolete and contaminated properties. "Rehabilitation," meaning that changes to qualified facilities that are required to restore or modify the property, together with all appurtenances, to an economically efficient condition. Rehabilitation also includes deficient or excessive height, new or improved fixed building equipment, including heating, ventilation, and lighting, reducing multistory facilities to 1 or 2 stories, adding additional stories to a facility or adding additional space on the same floor level not to exceed 100% of the existing floor space on that floor level, improved structural support including foundations, improved roof structure and cover, floor replacement, improved wall placement, improved exterior and interior appearance of buildings, and other physical changes required to restore or change the obsolete property to an economically efficient condition.

A field investigation indicated that the proposed Obsolete Property Rehabilitation District located at **511 Woodward** is eligible as it pertains to the Obsolete Property Rehabilitation Act under P.A. 146 of 2000, as amended.

Sincerely,

Charles Ericson, MMAO
Assessor, Board of Assessors

Re: Request for Public Hearing to Approve an Obsolete Property Rehabilitation Certificate on behalf of Elmwood Park Plaza Limited Partnership in the area of 750 Chene, Detroit, Michigan, in accordance with Public Act 146 of 2000 (Petition #877).

Honorable City Council:

The Housing and Revitalization Department and Finance Departments have reviewed the application of **Elmwood Park Plaza Limited Partnership** and find that it satisfies the criteria set forth by P.A. 146 of 2000 and would be consistent with development and economic goals of the Master Plan.

Public Act 146 of 2000 states that the legislative body of the qualified local governmental unit, shall by resolution either approve or disapprove the application for an Obsolete Property Rehabilitation Exemption Certificate in accordance with Section 8 and other provisions of this act. Prior to acting upon a resolution to recommend approval, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district.

We request that a Public Hearing be scheduled on the issue of approving the application for the Obsolete Property Rehabilitation Certificate. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Elmwood Club Plaza
April 24, 2019

I. General Description of Obsolete Facility and Description of the Obsolete Facility's Proposed Use

The Elmwood Club Plaza is an approximately 111,100 leasable square foot apartment building, constructed in the 1970s, and contains 202 units within its 18 stories. The facility is obsolete because (i) its heating and cooling systems are inadequate for the highest and best use of the property; (ii) the electrical, plumbing, mechanical, and interior features are inefficient and inconsistent with the highest and best use of the property; and (iii) the interior and exterior components are deficient, requiring repairs, restoration, and modernization.

Upon completion of the rehabilitation, the Elmwood Club Plaza will retain all 202 units. It will also add brand new high-efficiency mechanical systems, air conditioning for all residents, exterior cladding, high efficiency windows, modernized elevators, an upgraded life safety and sprinkler system, a fully amenitized outdoor green area added at the base of the building, and an upgraded retail façade along Chene.

II. Description of the General Nature and Extent of the Rehabilitation to be Undertaken

The rehabilitation will include the following major aspects:

- Rehabilitation of the interior units.
- Removal and replacement of heating system with modern, efficient heating units.
- Removal and replacement of windows with high efficiency windows.
- Addition of air conditioning for all units.
- Upgraded life safety system, including sprinklers.
- Rehabilitation of the façade.
- Rehabilitation of the first floor lobby.
- Additional outdoor amenities and improved commercial façade.

III. Descriptive List of the Fixed Building Equipment That Will Be Part of the Rehabilitated Facility

HVAC, dishwashers, elevators and other customary equipment located in apartment buildings.

IV. Time Schedule for Undertaking and Completing the Facility's Rehabilitation

The rehabilitation of the Elmwood Club Plaza is expected to commence in July 2019 and be completed by August 2020.

V. Statement of the Economic Advantages Expected from the Exemption

The exemption will temporarily mitigate the very high real property tax rates in the City of Detroit (approx. 85.622 mills), contribute toward a more affordable rent structure for the Elmwood Club Plaza and allow for offering of apartments that are affordable to people with moderate income levels. This affordable rent structure will allow the achievement of higher occupancy and accelerate the influx of nearby workers who want to work and live in the City of Detroit, which will in turn increase the City of Detroit's income tax collections from both residents and construction workers. Approximately twenty (20) temporary construction jobs will be created. Three (3) permanent, full-time employee positions are also expected to be created.

VI. Legal Description.

RE: **Obsolete Property Rehabilitation Certificate – Elmwood Park Plaza Limited Partnership**

Property Address: 750 Chene (aka 670 Chene)

Parcel Number: 11000125-34

Dear Ms. Trudeau:

The Office of the Chief Financial Officer, Office of the Assessor, has reviewed the proposed Obsolete Property Rehabilitation certificate application for the property located at **750 Chene (aka 670 Chene)** in the **Elmwood Park** area in the City of Detroit.

The rationale for granting Obsolete Property Rehabilitation certificates under PA 146 of 2000, as amended, is based on the anticipation of increased market value upon completion of new construction and /or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

Elmwood Park Plaza Limited Partnership is proposing to rehabilitate the 18-story apartment building with 156,634 square feet of total floor area, built in 1974, on 2.424 acres of land and retain all 202 units. Rehabilitation will include all interior units, replacement of heating units, replacement of windows, air conditioning for all units, up-grade of the life safety system, rehabilitation of the façade and rehabilitation of the first floor lobby.

The 2019 values are:

Parcel #	Address	Building Assessed Value (SEV)	Building Taxable Value	Land Assessed Value (SEV)	Land Taxable Value
11000125-34	670 Chene	\$ 1,961,000	\$ 1,535,890	\$ 24,200	\$ 18,954

This property meets the criteria set forth under PA 146 of 2000, as amended. It applies to blighted, functionally obsolete and contaminated properties. "Rehabilitation," meaning that changes to qualified facilities that are required to restore or modify the property, together with all appurtenances, to an economically efficient condition.

The project is expect to increase commercial activity, create employment, retain employment, revitalize an urban area and increase the number of residents in the area.

A field investigation indicated that the properties located at **750 Chene (aka 670 Chene)** is eligible as it pertains to the Obsolete Property Rehabilitation Act under P.A. 146 of 2000, as amended.

Charles Ericson, MMAO

1. What is the plan for hiring Detroiters?

During the construction phase, the general contractor (GC) has been advised by the development team that a management priority must be to hire residents of the 48207 area and the city of Detroit generally. The anticipated GC, MIG Construction, has a deep history with completing projects in Detroit as well as with managing residency requirements for Detroit-based projects. MIG Construction's team has strong relationships with local stakeholders, such as neighborhood-level organizations and block clubs, and will work closely with such groups to advertise open positions.

Following construction, it is anticipated employees of the management/maintenance staff will mostly consist of Detroit Residents, especially living on site or within the 48207 zip code, in which the site is situated. Additionally, as during the construction phase of the project, the owner will work closely with community stakeholders to ensure that information about any future employment opportunities are disseminated as widely as possible in neighborhoods close to the site.

2. Please give a detailed description of the jobs available as listed in the above chart, i.e: job type, job qualifications, etc.

During the construction phase, MIG Construction, will be looking to hire subcontractors, having employees of Detroit residency, for the following trades:

Re: Request for a Public Hearing to Establish an Obsolete Property Rehabilitation District on behalf of K8 Partners LLC in the area of 2119 Field, Detroit, Michigan, in accordance with Public Act 146 of 2000 (Petition #881).

Honorable City Council:

The Housing and Revitalization Department has reviewed the application of **K8 Partners LLC** and find that it satisfies the criteria set forth by P.A. 146 of 2000 and would be consistent with development and economic goals of the Master Plan.

Prior to acting upon a resolution to recommend approval, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district, said notice is to be made **not less than 10 days or more than 30 days prior** to your Honorable Body's adoption of said resolution.

We request that a Public Hearing be scheduled on the issue of establishing an Obsolete Property Rehabilitation District. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Respectfully submitted,

**RE: Request for the Establishment of an Obsolete Property Rehabilitation Act (OPRA)
District at 2119 Field Street, Detroit, Michigan 48214 for K8 Partners LLC**

Honorable City Council:

Please accept this letter as a request to establish an Obsolete Property Rehabilitation District (OPRD) for the property located at 2119 Field Street, Detroit, Michigan 48214, which is referred to herein as the "Property" and described on Attachment A. The Property will be rehabilitated by the petitioner and current owner, K8 Partners LLC.

Company and Project Synopsis

K8 Partners, LLC (the "Developer") was formed in 2018 and is affiliated with Astral Weeks Development ("Astral Weeks") Astral Weeks is a privately held real estate development and management company, working primarily in the New York City region and Detroit. With a focus on dynamic urban neighborhoods, Astral Weeks develops and invests in residential, commercial, and mixed use projects. Whether through ground-up new construction or adaptive reuse projects, the company contributes to the thriving neighborhoods in which its projects are located by helping meet local demands for quality housing, community facilities, creative workspaces, and retail. Because Astral Weeks owns, operates and manages its properties, the company's approach to development is distinguished by strategic purpose and professional execution.

Astral Weeks has been active in the City of Detroit since 2014, making several property acquisitions, as well as executing on a neighborhood development strategy in Islandview/Greater Villages, including the planned rehab of approximately 60 single family and duplex homes, 15 of which have been completed and leased out or sold to date.

The Roy Company, the construction manager (CM), is a contracting firm based in Detroit, and a dedicated partner for this development. With the experience of Astral Weeks and the dedication of The Roy Company, the Developer is poised to successfully rehabilitate this historic building, providing increased housing variety in an area of Detroit ripe for building rehabilitation and increased residential density.

The proposed OPRD contains one parcel totaling approximately 0.34 acres and is located at 2119 Field Street, Detroit, Michigan. The proposed OPRD is bounded by the property line to the north; Field Street to the east; Kercheval Avenue to the south; and the property line to the west. The OPRD is located in the Islandview neighborhood of Detroit, named for its proximity to Detroit's famous island park, Belle Isle. Smart Bus routes are located within a block east or west on Kercheval Avenue to provide transportation alternatives. Additionally, planned bike lanes along Kercheval Avenue and the forthcoming Beltline Greenway will connect residents to local amenities, provided increased ease of access to reach the riverfront and RiverWalk. The property is occupied by a two-story multi-family residential building with basement currently

containing approximately 11,980 square feet and constructed in 1910. The proposed redevelopment will contain approximately 11,761 square feet of living space, not including an additional 5,951 square feet of basement floor space. The building is currently uninhabitable, with roof leaks, no windows or interior partitions, and no operating utilities.

The proposed OPRD will entail the rehabilitation of the current building into eight residential townhome apartment units. Each unit will include modern three-bedroom floorplans and finishes with private entry and exit for each unit, including covered porches that face the streets, and rear porches that access private parking.

As part of the rehabilitation, the building will be gutted to receive new utilities including electrical, water, and natural gas, new energy efficient heating, cooling and ventilation systems, new energy efficient windows and doors, and insulation, repairs to building structure and masonry will be completed as needed, and the interior wall partitions will receive new framing and finish materials, including drywall, trim, new flooring, appliances, and fixtures. The structure will be brought up to current code as applicable.

The Necessity for Tax Relief

Substantial investment is necessary to rehabilitate the area into a viable, long-term development. Additionally, the property currently contains a dilapidated and deteriorating building that will require repair and selective demolition with the property rehabilitation. The overall internal rate of return for the proposed development will be extremely low without the receipt of the Obsolete Property Rehabilitation District (and Certificate) and planned Brownfield TIF Reimbursement, and therefore, the development would not be possible without it.

The costs associated with the rehabilitation require multiple capital sources including equity contributed by K8 Partners LLC members, as well as an interim construction loan, and upon completion, a long-term loan product. In order to secure this financing and future tenants, the operating costs of the proposed renovations and redevelopment of the project need to be kept as low as possible (including property taxes).

The proposed Development included within the request will result in approximately 73 construction jobs and four full-time equivalent (FTE) jobs associated with the ongoing management and maintenance for the proposed residential development.

PA 146 Request

A 12-year abatement is being requested.

Economic Advantages of the Rehabilitation

Upon completion, the Development will return an obsolete property to productive use and will increase residential density in an area characterized by vacant land and disinvestment. Activation of this property will spur further growth and act as a catalyst for future redevelopment of numerous vacant and blighted properties along the Kercheval Avenue corridor and the surrounding neighborhoods and provide spinoff consumer spending in an area of Detroit that is currently left out of redevelopment planning.

***Request for Establishment of an Obsolete Property Rehabilitation District at
2119 Field Street, Detroit MI 48214
for K8 Partners LLC***

The granting of the OPRA tax abatement will not result in any fewer taxes to the City of Detroit in the short-term or long-term. On a short-term basis approximately 73 construction jobs will be created. The GC has several Detroit-based contractors that they have used in the past and that they have requested bids from to ensure Detroit-based contractors and workers benefit from the redevelopment. In addition, should additional contractors be needed for the project, the Developer will reach out to the Skilled Trades Taskforce and/or attend D2D meetings to ensure Detroit-based contractors benefit from the development.

Upon successful redevelopment, the proposed redevelopment will create approximately four full-time equivalent (FTE) jobs related to the management and maintenance of the property. These new jobs, along with the new residents living at the development, will generate increased income taxes for the City of Detroit.

Following expiration of the 12-year abatement the building will deliver a significant increase in tax revenue. Over time, the successful redevelopment and cultural growth will have a city-wide impact.

Closing

K8 Partners LLC are a group of experienced professionals driven to redevelop dynamic urban neighborhoods just like Islandview. Through diligent development planning, K8 Partners LLC are poised to succeed with this multi-family investment in the City of Detroit.

Members of the Development team are planning to reach out to local community groups, such as the Villages Community Development Corporation and the local Detroit City Council member regarding the new ownership and anticipated improvements to receive meaningful feedback on the anticipated project.

The team is looking forward to pursuing this redevelopment and creating a community in Detroit's Islandview Neighborhood.

Detailed Project Description

General Description

The proposed Development is located at the intersection of Kercheval Avenue and Field Street in the Islandview neighborhood of Detroit, named for Detroit's famous island park, Belle Isle. The property is bounded by the property line to the north, Field Street to the east, Kercheval Avenue to the south, and the property line to the west. The property consists of one parcel totaling approximately 0.34 acres and is outlined in the map below.

The property has historically been occupied as a multi-tenant residential building, constructed in 1910. The proposed project currently consists of a complete building rehabilitation to create eight residential townhome apartment units.

The associated address and parcel identification number can be found below, and a copy of the corresponding legal description can be found at the end of this attachment.

Smart bus routes are located within a block east or west on Kercheval Avenue to provide alternative transportation methods. Additionally, planned bike lanes along Kercheval Avenue and the forthcoming Beltline Greenway will connect residents to local amenities, providing increased ease of access to reach the riverfront and RiverWalk.

Description of Proposed Use

The proposed redevelopment will create additional housing and increased residential density in an area of Islandview that has been behind the curve for investment and redevelopment and is characterized by vacant lots and disinvestment. The project will entail the rehabilitation of the current building into eight residential townhome apartment units. The proposed development will include approximately 11,761 square feet of living space (not including an additional 5,951 square feet of basement floor space), divided into eight three-bedroom units with basements. Each unit will include modern floorplans and finishes with private entry and exit for each unit. A minimum of 20% of the units will be priced to meet affordable unit requirements for 80% of the Area Median Income (AMI).

Existing building located at 2119 Field Street

The rehabilitation will create approximately 11,761 square feet of living space, spread across the following anticipated proposed units, with an additional 5,951 square feet of basement floor space:

	Unit A	Unit B	Unit C	Unit D	Unit E	Unit F	Unit G	Unit H
1 st Floor	797	730	727	735	779	705	700	778
2 nd Floor	797	709	707	714	758	683	679	763
Basement	797	730	727	735	779	705	700	778
Total (SF)	2,391	2,169	2,161	2,184	2,316	2,093	2,079	2,319
	17,712							

The developer will create a new parking area at the rear of the property, including parking for each apartment unit. The parking area will include an automatic gate, a four foot fence, and a hedge row to screen green space from the parking lot. New concrete walkways will also be installed throughout the property.

Nature and Extent of the Rehabilitation

As part of the rehabilitation, the building will be gutted to receive new utilities including electrical, water, and natural gas, new energy efficient heating, cooling and ventilation systems, new energy efficient windows and doors, and insulation. Repairs to building structure and masonry will be completed as needed, and the interior wall partitions will receive new framing and finish materials, including drywall, trim, new flooring, appliances, and fixtures. The structure will be brought up to current code as applicable.

Existing building located at 2119 Field Street

Concept rendering of the proposed redevelopment

The Development will create residential tenant space for and encourage Detroiters to populate these spaces. These developments are necessary components crucial to attracting resident and visitor interest along with investment in this blighted area of Detroit.

K8 Partners LLC intends to apply for a 12-year real property tax abatement under the provisions of an Obsolete Property Rehabilitation Act tax abatement.

Descriptive List of the Fixed Building Equipment/Renovations

Renovations and new fixed building equipment and materials for the project include;

- Temporary Facilities; including dumpsters, construction fencing, and temporary lighting and power maintenance
- Sitework; including new water, gas, and electrical service, limited site demolition, and landscaping
- Site Utilities; including new water and gas service to the building
- Concrete; including repair or replacement of the current parking lot, sidewalks, porches, and step repairs
- Metals; including gutters, downspouts, and porch railings
- Masonry; including masonry restoration and patching, and repairs to the front porches
- Rough Carpentry; including framing, subfloor repair, installation of doors and windows
- Finish Carpentry; including stairs and wood flooring

- Thermal and Moisture Protection; including general roofing repairs; roof repairs at chimneys, front porches, gutters, and downspouts; and insulation for the exterior walls, attic, and above bay windows
- Doors and Windows; exterior doors, interior doors/frames/hardware, windows
- Equipment; including bathroom vanities; kitchen cabinets; and countertops
- Plumbing; including new sanitary main; bathtubs; toilets; sinks; and natural gas lines for range and furnace
- Mechanical; HVAC and ductwork
- Finishes; drywall, ceramic tile, and painting
- Specialties; electrical distribution, fire extinguishers and dwelling unit appliances

Newel posts and bannisters like these ca. 1910 will be refurbished where applicable

Total construction hard and soft cost investment is estimated at \$1.7 million, with a total project investment of \$2 million.

Time Schedule

Construction activities are anticipated to commence in the fall of 2019. Construction completion is anticipated for summer of 2020.

Statement of Economic Advantages

The proposed Development will bring needed investment to a residential area of Detroit's Islandview neighborhood characterized by vacancy and blight. Primary planning goals for Islandview include improving existing housing, increasing affordable housing options, increasing the variety of housing, and increasing overall resident density. The Development will address each of these goals by returning an obsolete property to the housing market and increasing density within the neighborhood. Further, the Development is located just one-quarter mile southwest of the Butzel Family Center where families can seek social services and self-help technologies designed to improve their quality of life. Offering amenities such as a computer lab, banquet hall, basketball court, baseball diamonds, tennis courts, and a playscape, Butzel Family Center has much to offer future tenants of the Development. Indeed, activation of this property along the Kercheval Avenue corridor will spur further growth and infill development, acting as a catalyst for future redevelopment of similar properties along Kercheval Avenue and throughout the Islandview neighborhood.

The granting of the tax abatement will not result in any fewer taxes to the City of Detroit in the short-term or long-term. Upon successful redevelopment, the Development will generate increased income taxes, through the new jobs and residents that the project will create.

On a short-term basis approximately 73 construction jobs will be created (12.64 full-time equivalent (FTE)). The Roy Group, the construction manager (CM), has experience and contacts to hire Detroit-based subcontractors and have reached out to the Skilled Trades Taskforce in order to ensure Detroit-based contractors benefit from the development.

On a long-term basis the proposed redevelopment associated with the District will create approximately four FTE jobs and house at least eight new Detroit residents. Therefore, it is anticipated the City of Detroit will collect approximately 2.4% income tax per resident per year. The table below illustrates the resident tax impact the development will have following completion.

Residential Benefits	Annual Amount
Minimum of 8 apartment units	
Median Household Income x Units x 2.4%	\$7,948.80
\$41,400 x 8 x 2.4%	
Four FTE permanent jobs	
\$70,000 x 2 x 2.4%	\$3,360.00
\$50,000 x 1 x 2.4%	\$1,200.00
\$41,600 x 1 x 2.4%	\$998.40
Total	\$13,507.20

Additionally, there will be other indirect benefits such as spin off spending in the City that will contribute to the economic benefits produced by this investment. It will further help meet the demand for housing in Detroit, with a reported 2.6% vacancy rate across metro Detroit (Crain's, 5/13/17). As one of ten neighborhoods targeted by Detroit's second Strategic Neighborhood Fund, several hundred residential units and thousands of square feet of retail space are planned for Islandview (Crain's, 11/16/2018). These investments into the community will have long-term effects and provide sustainable principals that will retain and foster local talent that is vital to securing the City's economic future.

Following expiration of the 12-year abatement the building will deliver a significant increase in tax revenue. Over time, the successful redevelopment and cultural growth will have a city-wide impact.

Re: **Obsolete Property Rehabilitation District – K8 Partners LLC**

Property Address: 2119 Field Street

Parcel Numbers: 15007454.003, 15007454.004, 15007454.005, 15007454.006, 15007454.007, 15007454.008, 15007454.009, 15007454.010. New Parcel Number 15007454.002L for 2020 Assessment Roll.

Dear Mr. Cox:

The Office of the Chief Financial Officer, Office of the Assessor, has reviewed the proposed Obsolete Property Rehabilitation District located at **2119 Field Street** in the **Islandview neighborhood** in the City of Detroit.

The rationale for creating Obsolete Property Rehabilitation Districts under PA 146 of 2000, as amended, is based on the anticipation of increased market value upon completion of new construction and /or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

K8 Partners plans to rehabilitate the two-story, 11,890 square foot, apartment building with a 5,951 square foot basement built in 1910 on .344 acres of land into 8 residential townhome apartments with 3 bedroom. The units were formerly condominiums and the condominium plan was dissolved for the 2020 assessment roll. The building is currently uninhabitable with roof leaks, no windows, no interior partitions and no operating utilities. Rehabilitation will include gutting the building, repairs to building structure, new windows, new interior walls, repairing the roof, new mechanical, plumbing and electrical systems, and energy efficient heating, cooling and ventilation systems along with new apartment fixtures for 8 residential units.

This property meets the criteria set forth under PA 146 of 2000, as amended. It applies to blighted, functionally obsolete and contaminated properties. "Rehabilitation," meaning that changes to qualified facilities that are required to restore or modify the property, together with all appurtenances, to an economically efficient condition. Rehabilitation also includes deficient or excessive height, new or improved fixed building equipment, including heating, ventilation, and lighting, reducing multistory facilities to 1 or 2 stories, adding additional stories to a facility or adding additional space on the same floor level not to exceed 100% of the existing floor space on that floor level, improved structural support including foundations, improved roof structure and cover, floor replacement, improved wall placement, improved exterior and interior appearance of buildings, and other physical changes required to restore or change the obsolete property to an economically efficient condition.

A field investigation indicated that the proposed Obsolete Property Rehabilitation District located at **2119 Field Street** is eligible as it pertains to the Obsolete Property Rehabilitation Act under P.A. 146 of 2000, as amended.

Sincerely,

Charles Ericson, MMAO
Assessor, Board of Assessor

Re: Request for Public Hearing to Approve an Obsolete Property Rehabilitation Certificate on behalf of Elmwood Park Plaza Limited Partnership in the area of 750 Chene, Detroit, Michigan, in accordance with Public Act 146 of 2000 (Petition #877).

Honorable City Council:

The Housing and Revitalization Department and Finance Departments have reviewed the application of **Elmwood Park Plaza Limited Partnership** and find that it satisfies the criteria set forth by P.A. 146 of 2000 and would be consistent with development and economic goals of the Master Plan.

Public Act 146 of 2000 states that the legislative body of the qualified local governmental unit, shall by resolution either approve or disapprove the application for an Obsolete Property Rehabilitation Exemption Certificate in accordance with Section 8 and other provisions of this act. Prior to acting upon a resolution to recommend approval, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district.

We request that a Public Hearing be scheduled on the issue of approving the application for the Obsolete Property Rehabilitation Certificate. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

**RE: Property Transfer to the Detroit Land Bank Authority
251 and 261 Chandler, Detroit, MI**

Honorable City Council:

The City of Detroit, Planning & Development Department (“P&DD”) is hereby requesting the authorization of your Honorable Body to transfer two (2) vacant and blighted single-family home sites at 251 and 261 Chandler (the “Properties”) to the Detroit Land Bank Authority (“DLBA”).

The Properties have each gone through tax foreclosure at least once since 2011 and were transferred from Wayne County to the City in 2015, where the Properties have been held as surplus and not otherwise reserved for City development purposes. At this time, the City wishes to transfer the Properties to the DLBA to be improved, maintained and placed back into productive use by a qualified third party. The Properties are within an R3 zoning district (Low Density Residential District). The proposed use of the Properties shall be consistent with the allowable uses for which the Properties are zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Properties by the City to the DLBA.

Respectfully submitted,

Katharine G. Trudeau

**RE: Property Sale
10139 Lyndon, Detroit, MI 48238**

Honorable City Council:

The City of Detroit, Planning and Development Department (“P&DD”) has received an offer from New Man Industries LLC (the “Purchaser”), a Michigan Limited Liability Company to purchase certain City-owned real property at 10139 Lyndon (the “Property”) for the purchase price of Fifteen Thousand and 00/100 Dollars (\$15,000.00).

New Man Industries LLC owns the adjacent property and operates an audio and visual production company. They propose to use the property for storage of equipment. Currently, the property is within a M4 zoning district (Intensive Industrial District). New Man Industries LLC proposed use of the Property shall be consistent with the allowable uses for which the Property is zoned.

We request that your Honorable Body adopt the attached resolution to authorize the Director of P&DD, or his or her authorized designee, to execute a quit claim deed and such other documents as may be necessary or convenient to effect a transfer of the Property by the City to New Man Industries LLC.

Respectfully submitted,

Re: Request for Public Hearing to Approve a Commercial Rehabilitation Certificate on behalf of Epiphany Detroit, LLC, in the area of 10103 Kercheval, Detroit, Michigan, in accordance with Public Act 210 of 2005 (Petition #1820).

Honorable City Council:

The Housing and Revitalization Department, Planning & Development Department and Finance Department have reviewed the application of **Epiphany Detroit, LLC** and find that it satisfies the criteria set forth by P.A. 210 of 2005 and would be consistent with development and economic goals of the Master Plan.

Public Act 210 of 2005 states that the legislative body of the qualified local governmental unit, shall by resolution either approve or disapprove the application for a Commercial Rehabilitation Exemption Certificate in accordance with Section 3 and other provisions of this act. Prior to acting upon a resolution to recommend approval, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the eligible district.

We request that a Public Hearing be scheduled on the issue of approving the application for the Commercial Rehabilitation Certificate. Attached for your consideration, please find a resolution establishing a date and time for the public hearing.

Application Supplement

General description of the facility:

Epiphany Detroit was a Community center built in 1925 by the Epiphany church. The building has been vacant for many years. The building will be a mixed use structure and there will be an outdoor activity area. It is 3 stories and is about 27,000 square feet.

Description of the facility's proposed use:

The building will be a mixed use structure and there will be an outdoor activity area. There will be retail and commercial tenants.

Description of the general nature and extent of the rehabilitation:

Clearing out, roof repairs, ceiling and floor substructure repairs, brick and limestone repairs and replacement, new electric, plumbing, and HVAC, elevator and fire system, new water main, new parking lot, etc.

Time schedule for undertaking and completing the facility's rehabilitation:

Construction has started, expect to finish by June 2021.

Statement of the economic advantages:

The Economic Advantages of this project would be to bring jobs to the outer city neighborhood area. Additionally it would bring new business to the city to increase the tax base. B&B Production is ready to move ASAP to The Epiphany. All the taxes on all 4 properties are paid in full and current. We would love to bring B&B Production, a 20 year old company to Detroit to relocate in the Epiphany.

RE: Master Plan Interpretation for **Commercial Rehabilitation District** (PA 210) for 10103 Kercheval Avenue
DATE: May 6, 2019
CC: Maurice Cox, Director, Planning and Development

In order to ensure that the **issuance and transfer of a certificate** for a **Commercial Rehabilitation District** is consistent with the City's Master Plan of Policies and will have the reasonable likelihood to increase commercial activity; create, retain or prevent a loss of employment; revitalize an urban area; or increase the number of residents in a community, pursuant to State of Michigan, Public Act 210 of 2005 (section 207.853), the Planning and Development Department's Planning Division submits the following interpretation. The Petitioner is Epiphany Detroit LLC

Location and Project Proposal: 10103 Kercheval Avenue; The project proposes to adaptively reuse this structure and redevelop it into mixed-use activities such as retail and commercial with some outdoor programming.

Existing Site Information: The 3-story structure was built in 1925 by Epiphany Church to serve as their community center. The structure has been unoccupied for many years. The subject site is zoned B4 (General Business District).

Surrounding Site Information

The immediate surrounding zoning along Kercheval is B4. To the immediate north is zoned R5 (Medium Density Residential District). To the east, along Kercheval is a 2-story vacant commercial building. There are vacant residential buildings to the north and west. Across Kercheval is a vacant lot, formerly a parking lot. The Master Plan Future General Land Use designation for the surrounding area is also RLM.

Interpretation

Impact on Surrounding Land Use

The proposed development will contribute to the development of Kercheval as a corridor serving the adjacent residential area.

Impact on Transportation

There are DDOT routes one block to the west along Kercheval and Pennsylvania.

Master Plan Interpretation

The subject site area is designated **Low/Medium Density Residential (RLM)**. Low/Medium Density Residential areas should have an overall density of 8 to 16 dwelling units per net residential acre. The areas are often characterized by two or four family homes with small yards, on-street parking, or garages with alley access. The residential classifications allow for neighborhood-scale commercial development. For instance, in a Low/Medium Density Residential area, small scale commerce (e.g. convenience stores) should exist to serve residents' day-to-day needs. The Master Plan Future General Land Use categories are generalized. Boundaries are not meant to be precise as to block or

Property lines. Categories are descriptive of general development recognizing that some intermixtures are permissible or desirable. Most residential classifications allow for neighborhood-scale commercial development.

The following policies of the Foch neighborhood describe the following recommendations:

- Policy 3.1: Develop neighborhood commercial nodes along Mack and Jefferson with a compatible mix of locally serving, small-scale businesses and medium density residential along the less viable sections
- Policy 4.1: Strategically acquire property to be utilized for the development of neighborhood parks and play lots

The proposed development does not change the Future General Land Use characteristics of the area and conforms to various Master Plan policies.

RE: Commercial Rehabilitation Certificate – **Epiphany Detroit LLC**
Property Address: 10103 Kercheval
Parcels Number: 19000285.001

Dear Mr. Cox:

The Office of the Chief Financial Officer, Office of the Assessor, has reviewed the Commercial Rehabilitation certificate application for the property located at **10103 Kercheval** in the **East Village** area in the City of Detroit.

The rationale for issuing Commercial Rehabilitation certificates under PA 210 of 2005, as amended, is based on the anticipation of increased market value upon completion of new construction and /or significant rehabilitation of existing commercial property and commercial housing property. Normal repair and maintenance are not assessed and do not necessarily generate additional market value.

The proposed project by **Epiphany Detroit LLC** consists of the rehabilitation of a 3-story vacant community center with 27,084 square feet built in 1925 on .201 acres of land into a mixed use structure with retail and commercial tenants. Rehabilitation activities included roof repairs, ceiling and floor substructure repairs, brick and limestone repairs and replacement, new electric, plumbing, HVAC, elevator and fire system and a new water main.

The 2019 values are as follows:

Parcel #	Address	Building Assessed Value (SEV)	Building Taxable Value	Land Assessed Value (SEV)	Land Taxable Value
19000285.001	10103 Kercheval	\$ 383,200	\$ 4,891	\$ 1,900	\$ 24

This property meets the criteria set forth under PA 210 of 2005, as amended. It applies to a building or a group of contiguous buildings, a portion of a building or group of contiguous buildings previously used for commercial or industrial purposes, obsolete industrial property, and vacant property which, within the immediately preceding 15 years, was operating as a commercial business enterprise.

A review of the general plans, along with the criteria set forth under the Commercial Rehabilitation Act, indicated that the proposed project located at **10103 Kercheval** is eligible as it pertains to the Commercial Rehabilitation certificate criteria under P.A. 210 of 2005, as amended.

Sincerely,

Charles Ericson, MMAO
Assessor, Board of Assessors

Neighborhood Advisory Committee Arena District Executive Summary: 2014-2019

31

September 19, 2019

Background: The Ilitch Family and Detroit Development

The Ilitch Family has been a fixture in Downtown Detroit since they purchased the Detroit Red Wings in 1982. A few years later, they acquired the Fox Theatre, restoring it and reopening it as a successful entertainment venue, while moving their Little Caesars pizza headquarters from Farmington to the Fox's adjoining office building. Over the next decade, the family would spend hundreds of millions more, acquiring the Detroit Tigers, securing a majority ownership in Motor City Casino, and building a real estate empire, snapping up hundreds of properties, culminating in the opening of Comerica Park, in the leadup to the 2000 Tigers season. All of these corporate interests are owned and controlled by Ilitch Holdings, valued at about \$6 billion, and currently headed by Chris Ilitch, the son of Little Caesars founders Mike and Marian Ilitch.

Left: Mike and Marian Ilitch at the Fox Theatre, in 2006. Mike died in 2017.

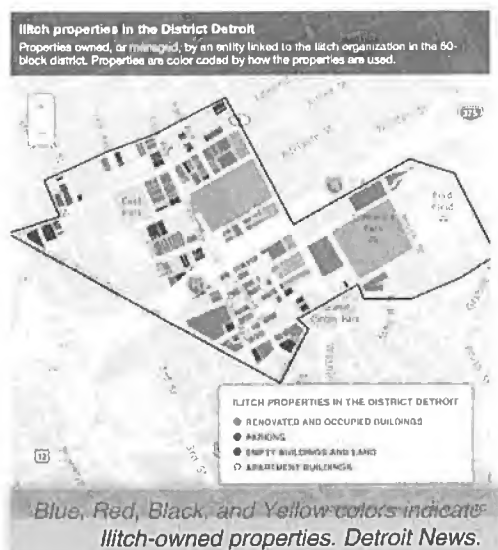

Below: In the mid 2000s, daughter, Denise Ilitch (left), and son, Chris Ilitch (right), vied for control of the Ilitch empire, with Chris winning out.

Pre-2014: Clearing the Way for the Detroit Events Center

For many years, Detroiters speculated that owner Mike Ilitch wanted to build a new hockey arena for the Detroit Red Wings. In 2012 rumors began to swirl when Red Wings officials confirmed that architects HKS and Chan Krieger were hired to design an 18,000 seat "events center." Initial statements placed the facility behind the Fox Theatre, on land largely made up of surface parking lots. Meanwhile, behind the scenes, Red Wings and the Ilitch's real estate development arm, Olympia Development of Michigan (ODM), were meeting with representatives from the Detroit Economic Growth Corporation (DEGC) and Michigan State Legislature to put together a financing package to construct the facility north of I-75, in the Lower Cass Corridor. By the time state and local officials agreed to extend the boundaries of Detroit's Downtown Development Authority so Detroit taxes could be captured in a new "Catalyst Area", ODM was able to secure nearly \$300 million in public money. Despite the objection of Detroit legislators, there was little by way of public disclosure or discussion on the matter in Lansing. Moreover, the timing of negotiations and approvals at the local level for the land and a concessionaire agreement coincided with Detroit's bankruptcy the next year in 2013, effectively putting the State of Michigan in control of the entire process. The 50-block area is now known as "District Detroit."

The Ilitches Owns at Least 60% of the Properties in District Detroit

What was less known at the time of the public announcement of the Events Center location, was the extent of the Ilitch family land holdings. Besides investing in the Fox, Comerica Park, and the Events Center (renamed Little Caesars Arena in 2016), the Ilitches planned major investment in parking infrastructure, accounting for over half of the Ilitch-owned land. The Ilitches also own vacant land and buildings, of which over 20 are in historic districts, many languishing for decades. In May 2019, the *Detroit News* published an overview of Ilitch-owned land in District Detroit, noting the variety of LLCs the Ilitches use, making ownership hard to track. But what is clearer today is the Ilitch Family singularly controls the future of District Detroit.

Q: What is the Neighborhood Advisory Committee?

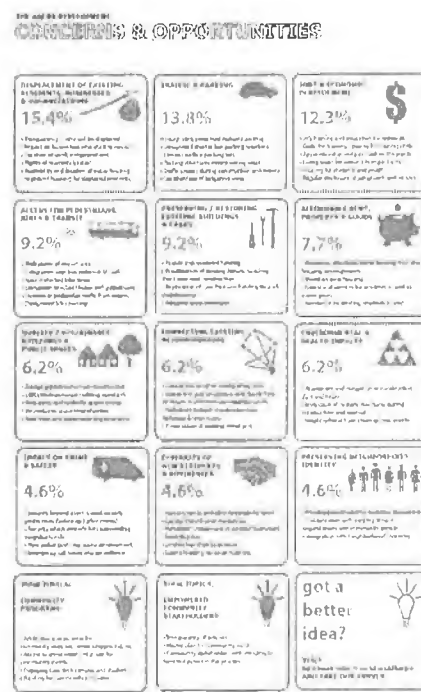

A: As a condition of Detroit City Council's resolution to dispose of city-owned land for the Events Center, a Neighborhood Advisory Committee (NAC) was formed in 2014, to exist for a term of 5 years, and made up of a mix of 16 elected and council-appointed members. While the NAC was advisory, ODM had to listen to its concerns and meet with the NAC, as needed. Since its start, the NAC has met monthly, and held annual public meetings. The Arena NAC is a precursor to the current process followed by the Community Benefits Ordinance (CBO), adopted in 2016.

Q: What were Community Concerns and Requests to ODM?

A: Prior to the formation of the NAC, the grassroots-led effort, Corridors Alliance, had done some initial organizing in anticipation of the Events Center, and completed surveys of the Lower Cass Corridor community, including outreach to small businesses and residents. At the top of the list of concerns was preventing the displacement of residents and businesses, followed by traffic and parking, access to jobs and transit, preserving historic structures, and affordable housing. These issues, among others, were packaged in a formal request to Detroit City Council.

The NAC updated those requests in a “District Vision” document delivered to ODM in July 2014. It spelled out desires for a range of outcomes, from affordable housing, to construction impacts mitigation, to jobs, entrepreneurship, green space, environment, and minimizing parking lots.

The NAC has tracked its requests and outcomes to date in a separate document, which also includes some of the subsequent issues and concerns that have arisen over the course of the NAC's life. Another useful document is the *Lower Cass Corridor Community Needs Assessment*, which was also required by the original City Council resolution. It was finally released by the DDA in 2017, and offered a range of demographic, quantitative, and survey analysis of the area, identifying, among other things, a need to develop an in-district workforce.

NAC Issues Advocacy: 2017-2019

Issue 1:
Affordable Housing

Issue 2:
Historic Preservation

Issue 3:
Traffic/Parking

After Little Caesars Arena (LCA) officially opened in September 2017, NAC members agreed to focus energy on three issues—Protecting Affordable Housing, Preserving Historic Structures, and Traffic/Parking Mitigation. The NACs shifted from advice to public advocacy because it believed these issues were being neglected by ODM and its recommendations had largely fallen on deaf ears.

Issue 1: Affordable Housing

In the years since ODM became a major property owner in District Detroit, there are fewer residential units, even though ODM says housing is vital to District Detroit's redevelopment vision. Moreover, ODM promised that the District maintain 20% affordability, but has done little to protect, invest in, or expand affordable housing that it already controls, without any accountability.

This issue is most visible on Henry Street. Here, about 65 affordable units in two apartment buildings on one of the last intact blocks of residential structures in District Detroit were threatened when ODM pulled demo permits and fought a subsequent proposed historic designation, telling officials they wanted the block cleared for development.

Community Outcome: *Cass-Henry Historic District approved by City Council protects affordable housing.*

Issue 2: Historic Preservation

The Ilitch family touts investing in the Fox Theatre as its commitment to historic preservation. The truth is that historically designated properties the Ilitches own are more likely to end up vacant or demolished. Less than 5% of Ilitch owned properties have been renovated.

After a controversial decision to demolish the Hotel Park Avenue in 2015, ODM announced it would create 700+ residential units in several historic properties, including the Alhambra and American Hotel. These were to join the Eddystone, which ODM agreed to restore in a deal with the City of Detroit. None of these projects are complete.

Community Outcome: *City Council approved Cass Park and Cass-Henry local historic districts protecting 27 structures; ODM agreed to \$33 million bond with the City of Detroit to ensure completion of the Eddystone Hotel.*

Issue 3: Traffic/Parking

In contrast to selling low price pizza, the Ilitch business model for Downtown Detroit is large scale, event-based entertainment, meaning that management of vehicle traffic and parking is paramount to its success. For LCA, the Ilitch empire relies on measures that ensure patrons can get to and from LCA easily, and maximizes its returns on parking availability in the surrounding blocks.

Traffic Management Plan

A Traffic Management Plan was completed in the lead up to LCAs opening. Throughout District Detroit, it focused traffic routes on funneling ingress and egress to freeways. In practice, this has caused disruption, including blockage of bike lanes, the QLine, busses, and has prevented patrons from accessing local businesses.

LCA is also the catalyst for the creation of thousands of parking spaces, largely in unsightly surface lots. These sit unused during much of the day, but can cost over \$40/space on events nights, with no fees going to the City of Detroit. When asked, the Ilitches refused to provide spaces to impacted residents.

Community Outcome: NAC convened ongoing local business roundtable to discuss traffic issues with ODM, Detroit Police, and Midtown Detroit Inc. (MDI); ODM agreed to support prospective residential street parking permit application with City of Detroit.

NAC Recommendations:

After five years, the NAC sees its work as incomplete. There are so many opportunities to improve the quality of life for Detroiters in District Detroit, and we are sad that ODM and the Ilitch Family chose not to be better community partners.

Fundamentally, the ***City of Detroit and local community need continued advocacy and accountability for neighborhood issues*** outlined here and in the tracking doc, located on the NAC's google site: DistrictDetroitNAC. Here are some additional recommendations we see as being relevant to success in District Detroit:

1. Accountability for existing affordable housing.
2. Enforcement of blight ordinance and post ODM ownership information on vacant Ilitch-owned properties.
3. Divest ODM's portfolio to qualified affordable housing developer(s), such as Cass Corridor Neighborhood Development Corp.
4. Increase investment in Cass Park.
5. Provide free day parking/QLine passes.
6. Support City of Detroit Historic Designation Advisory Board communitywide survey.
7. Support MDI's continuing discussion on impacts of traffic on local business.
8. Support Service Employee International Union's (SEIU) campaign for LCA service staff.
